Thursday (9 Shahrivar)

Session 1 (8 Am – 12 pm)

No	First name	Last name	Title	
494	Elham	Sadeghi	Interaction of Mouse Blastocyst with the Human Recellularized Endometrial Scaffold	Oral
398	Morteza	Taravat	Engineered Exosome as A Biological Carrier for Encapsulation of Rosmarinic Acid to Enhance Implantation Rate in Mice with Induced Endometritis	Oral
374	Mohadeseh	Khoshandam	Hub gene discovery in Azoospermia	Oral
375	Fatemeh	Masjedi	Pyridoxamine Protects Human Granulosa Cells against Advanced Glycation End-Products- Induced Disturbances via Oxidative Stress Modulation	Oral
361	Hojat	Anbara	Antioxidant and Anti-apoptotic Effects of Nano- curcumin against Polystyrene Microplastic- induced Testicular Injury in Mice	Oral
577	Seyedeh- Hanieh	Hosseini	A NOVEL MUTATION IN THE SUN5 GENE IN AN INFERTILE MAN WITH ACEPHALIC SPERMATOZOA SYNDROME	Oral
44	Hassan	Hedayatnia	Comparison of Ferroptosis and Autophagy Genes in Menstrual Blood-Derived Mesenchymal Stem Cells between Normal Women and Women with Endometriosis	Oral
568	Fereshteh	Takhiri	Evaluation Of IL6, IL6R And Related Micrornas Expression In Endometrium Of RIF Patient And Fertile Women Referred To Royan Institute	Oral
232	Fahime	Ghane	Protective Effects of Curcumin on Body and Testis Weight, and Testosterone Levels after Chronic Acrylamide Exposure in Mice	Poster
280	Azam	Lotfalian	A Prospective Randomized Controlled Trial Comparing Microscopic Subinguinal Varicocelectomy and Laparoscopic Varicocelectomy: A Single-Center Experience In-vitro Development of Mouse Preantral	Poster
617	Amir	Bazgir	Follicles in Conventional and Suspension Culture Conditions	Poster
409	Mehdi	Mehdinezhad Roshan	A novel analysis of ZBTB16 and DDX4 expression in the mice seminiferous tubules during spermatogenesis	Poster
42	Maedeh	Kiia	The effect of fasting on the TLR4 /IRF5 /Pro- inflammatory cytokines pathway of testes of high fat diet treated rats	Poster
75	Zahra	Dibayi asl	Protective Effects of Coenzyme Q10 on Sperm Parameters, in Mouse Model of Hemolytic Anemia	Poster

166	Hossein	Vaseghi Dodaran	Ability and accuracy of the smartphone-based SPOO® sperm test based on Machine Vision	Poster
179	Maryam	Momeni	Fabrication of a Testicular ECM/Gelatin Porous Three-dimensional Scaffold by Gas-Foaming	Poster
			Technology PENTOXIFYLLINE ATTENUATES	
191	Zahra	Shafiei	DOXORUBICIN-INDUCED TESTICULAR	Poster
171	Zunu	Sharer	TOXICITY IN MICE BY REDUCING OXIDATIVE STRESS	1 05101
			Comparison of the effect of cervical dilatation in	
			the two stages of the onset of the long OCP cycle and the onset of stimulation on pregnancy	
453	Farzaneh	Shamloo Ahmadi	outcomes in individuals with difficult embryo	Poster
			transfer in IVF/ ICSI cycles, at the Royan	
			Institute. Evaluation of zona pellucida binding protein 1	
482	Tohid	Rezaei	(ZPBP1) in unexplained infertile and	Poster
		Topraggaleh	asthenoteratozoospermic patients.	
			ENDOMETRIOSIS RECURRENCE IN	
507	Neda	Farzizadeh	INFERTILE WOMEN TREATED BY ASSISTED REPRODUCTIVE TECHNOLOGY	Poster
			AND SURGERY	
			The evaluation effect of Nonoliposome with	
111	Hamid	Piroozmanesh	MitoTempo on sperm parameters during	Poster
			cryopreservation in humans.	
126	Maryam	Arbabian	Assessing Sperm DNA Damage: A Comparison Between Oligozoospermic and	Poster
120	iviai y aiii	TH Out Hall	Normozoospermic Infertile Men	1 05001
			The effect of acupuncture during ovulation	
150	Arezoo	Arabipoor	stimulation on IVF/ICSI cycle outcome in	Poster
		•	patients with poor ovarian response: a randomized clinical trial	
			Coenzyme Q10 treatment ameliorating impacts	
218	Mehrab	Navidian	on testicular detorsion/reperfusion-induced	Poster
			apoptosis in rats	
220	Saba	Aminian	Protective Effect of Alginate Against Vitrification Damage in Mouse Ovarian Tissue	Poster
			THE EFFECT OF SILDENAFIL CITRATE ON	
			THE EXPRESSION OF THE ANTI-	
231	Ronak	Kohzadi	APOPTOTIC GENES DURING SPERM	Poster
			CRYOPRESERVATION IN INFERTILE ASTHENOZOOSPERMIC MEN	
			Association of -308G/A TNFα gene	
241	Tayyebeh	Zamani-Badi	polymorphism with reduced risk of idiopathic	Poster
			infertility in men	
			Protective effect of quercetin on fetal development and congenital skeletal anomalies	
384	Kaveh	Khazaeel	against exposure of pregnant Wistar rats to crude	Poster
			oil vapor	
401	F' 1	A1	To Compare the Success Rate of Assisted	Dest
421	Firoozeh	Ahmadi	Reproductive Technology in T-Shaped and Normal uterus	Poster
451	TD 1 1	3.6.1.	The Impact of Adenomyosis on IVF/ICSI	D :
451	Tahereh	Madani	Treatment Outcome in Infertile Women	Poster
606	Asefeh	Mohammadi	Effects of Exogenous H2S Donors on Functional	Poster
			Parameters of Goat Sperm during in vitro	

			storage: Implications for Cryopreservation and Cold Storage	
620	Hanieh	Bayat	LIFE STYLE AND REPRODUCTIVE RISK FACTORS IN BREAST CANCER	Poster
634	Soolmaz	Habibi	NK cells frequency in peripheral blood of women suffering from repeated implantation failure or recurrent miscarriage	Poster
36	Seyede Fatemeh	Hosseini	The effect of Perpolis coated with chitosan nanoparticles on the insulin resistance index and serum factors of the polycystic ovarian syndrome animal model	Poster
50	Hanieh	Rezaee	Construction of CFTR mutant gene model by homologous recombination system THE EFFECT OF HYDROALCOHOLIC	Poster
85	Mobina	Mirzapour	EXTRACT OF BLADDER CHERRY ON PROGESTERONE AND ESTRADIOL IN NMRI MICE WITH POLYCYSTIC OVARY SYNDROME	Poster
92	Rahil	Jannatifar	The Correlation of Sperm microRNA-449 and 34c expression and sperm quality in men with oligoasthenoteratozoospermia	Poster
95	Rahil	Jannatifar	The relationship between mir-let-7b expression and sperm parameters, sperm DNA fragmentation in oligozoospermic infertile patients	Poster
116	Sara	Rahbar	Altered expression of miRNAs in sperm and their relationship with oxidative stresse LncRNA DANCR and CASP10 might be	Poster
137	Zahra	Zandieh	involved in apoptosis of cycling and differentiating spermatogenetic cells leading to male subfertility	Poster
141	Firouzeh	Ghaffari	Controlled Ovarian Stimulation in Cancer Patients Under 18 Years Old	Poster
184	Shaghayegh	Kiani	Assessing Sperm Parameters and DNA Integrity: A Comparative Study of Infertile Men with Asthenozoospermia and Normozoospermia THE EFFECT OF ALPHA LIPOIC ACID ON	Poster
230	Ronak	Kohzadi	SPERM PARAMETERS DURING CRYOPRESERVATION IN THE ASTHENOZOOSPERMIC MEN	Poster
288	Mohammad	Bahrami Tapehbour	THE URTICA DIOICA IMPROVES STRUCTURAL DISORDERS IN THE TESTIS OF STREPTOZOTOCIN-INDUCED DIABETIC MALE RATS	Poster
294	Zahra	Shaker	The Protective Effect of Silymarin on Serum Biochemical Factors in Adult Mice after Treatment with Cyclophosphamide	Poster
334	Danial	Hashemi Karoii	Comprehensive Bioinformatics Analysis to Reveal Key miRNA and lncRNA involved in the sperm of couples of Recurrent Spontaneous Abortion Based on Target of Paternal Imprinting Genes	Poster
364	Sepideh	Ashouri movassagh	Cell Culture and Cryopreservation of Sexual Tissues of three Iranian leopard Cheetahs	Poster
383	Kaveh	Khazaeel	The protective effect of quercetin on the histopathological and biochemical changes of the	Poster

			male reproductive system against exposure to crude oil vapor in Wistar rats	
			The comparing antioxidant effects of hypotaurine	
			and melatonin on human sperm classical	
414	Ali	Zolfagharizadeh	parameters, acrosome reaction, DNA	Poster
		\mathcal{E}	fragmentation, and expression level of HspA2	
			and Caspase 9 during rapid freezing	
			Protective Effects of Ceratonia Siliqua L Extract	
417	Fatemeh	Javanmard	on Apoptosis and Sperm Chromatin Integrity	Poster
			during the Process of Cryopreservation	
			Field-assisted Cryopreservation (FAC) of mouse	
510	Fatemeh	Rahmati Ghezeljeh	GV oocytes improves in vitro fertilization rate	Poster
			and embryo development to the blastocyst stage.	
			Apigenin: A Promising Flavonoid for Prostate	
561	Ali	Jabbarzadeh	Cancer Therapy - An In-Depth Investigation	Poster
			Utilizing Network Pharmacology and Molecular Docking	
			NGS based PGT-A importance in Recurrent	
587	Jafar	Mohseni	Implantation Failur and Pregnancy Loss.	Poster
			PATHOGENICITY PREDICTION OF A	
			MISSENSE MUTATION AND ITS	
593	Reihane	Ghorbanian	ASSOSSIATION WITH NON-OBSTRUCTIVE	Poster
			AZOOSPERMIA BASED ON IN-SILICO	
			ANALYSIS	
602	Parvaneh	Mirabi	Does moderate to severe endometriosis have an	Poster
002	i di vancii	IVIII do I	impact on assisted reproduction outcomes?	1 05001
600	7.1	771 1 1	Enhancing Embryo Development and Redox	ъ.
609	Zahra	Khodaei	State through Supplementation of Embryo	Poster
			Culture Medium with Hydrogen Sulphide donor DIFFERENTIAL FOLLICLE COUNT FOR	
10	Narges	Elahi	INVESTIGATING THE OVARIAN TOXICITY	Poster
10	ruiges	Biain	OF CYCLOPHOSPHAMIDE IN THE RAT	1 05001
			Intra-Ovarian Autologous Platelet Rich Plasma	
28	Azra	Allahveisi	Injection May Improve ICSI Outcomes in Poor	Poster
			Responder Ovarian Women	
68	Maryam	Haghi	Diabetes mellitus decreases E-cadherin in rat	Poster
00	wai yain	Hagin	endometrium at the time of embryo implantation	1 03101
			Association between Blood Plasma BCAAs and	
4.40	37.1.11	E11	Sperm Parameters in Iranian Men with and	Dester
449	Vahid	Esmaeili	without Metabolic Syndrome	Poster

Thursday (9 Shahrivar)

Session 2 (1 pm – 6 pm)

Article no.	Firstname	Lastname	Title	
159	Zahra	Hanifeh	RESTORATION OF MEIS1 AND KAT2B GENES EXPRESSION LEVELS AFTER LAPAROSCOPIC SALPINGECTOMY IN WOMEN WITH HYDROSALPINX	Poster
193	Zahra	Shafiei	PROTECTION OF DOXORUBICIN - INDUCED SPERMATOTOXICITY BY PENTOXIFYLLINE IN MICE	Poster
229	Elnaz	Zirak Sharkesh	The possible association between an empirical dietary inflammatory pattern (EDIP) and risk of polycystic ovary syndrome: A case control study.	Poster
246 282	Azam Azam	Shiasiy Lotfalian	Correlation Between Serum Homocysteine Levels with Sperm Chromatin, and Oxidative Stress in a Rat Model of Varicocele"? Association between Varicocele and Testosterone Levels: A Prospective Cohort	Poster Poster
202	7 IZUIII	Lottunun	Study	1 Oster
303	Moona	Roshanfekr Rad	HOW XYLITOL MAKES DIFFERENT EFFECTS IN SPERM QUALITY PARAMETERS OF HIGH FAT DIET- RECEIVED MICE; AN EXPERIMENTAL STUDY	Poster
309	Somaye	Zangene	The effect of microparticle based on polystyrene on histomorphometric and oxidative stress factors of prostate tissue in vivo	Poster
387	Mojtaba	Baharsaadi	EVALUATION OF THE EFFECTS OF HYDROXYTYROSOL ON HUMAN SPERM PARAMETERS DURING CRYOPRESERVATION	Poster
396	Mehrangiz	Piri	The effect of the oral administration of Nigella Sativa on quantitative and qualitative parameters of goat sperm in liquid storage	Poster
419	Fatemeh	Amin	Effect of Fenoprofen on serum levels of nitric oxide (NO) in female rats with PCOS	Poster
429	Maryam	Niknejadi	The Frequency of Coexistence of Polyp and Fibroma in the Uterus of Infertile Women Referred to the Royan Institute	Poster
471	Javad	Madani	Silymarin therapy inhibitory role on testicular torsion/detorsion-induced	Poster
498	Mohamad Saber	Marofi	damages in rats Co-supplementation of trehalose and lecithin preserved human sperm quality following vitrification	Poster

503	Azam	Abedi	The effect of maternal and post-weaning high-fat diet on hippocampal glucose metabolism and memory performance in male offspring	Poster
555	Fatemeh	Aghaei	EVALUATION OF SILYMARIN PROTECTIVE POTENTIAL IN TESTICULAR HISTOARCHITECTURE FOLLOWING ISCHEMIA/REPERFUSION IN MOUSE	Poster
590	Helya	Bahavar	Corniculatusin and Prostate Cancer: A Comprehensive Network Pharmacology Study	Poster
613	Zahra	Basirat	Combined parental thrombophilia gene mutations defects in couples with repeated pregnancy loss	Poster
625	Saba	Mokhtari Mobarakeh	Impact of Methylglyoxal Exposure on Oocyte Development and Redox Balance Methylation pattern of immunological	Poster
654	Hourieh	Khani	genes promoters in recurrent miscarriage placenta tissues	Poster
34	Yasaman	Sohani	THE EFFECT OF ESTRADIOL ON IN VITRO MATURATION OF IMMATURE OOCYTES IN PREMATURE OVARIAN FAILURE INDUCED BY CYCLOPHOSPHAMIDE IN NMRI MICE	Poster
55	Mitra	Rahimi Fathkouhi	Effects of Nano Magnetic Graphene Oxide (MGO) on in vivo Maturation of Oocyte In NMRI mice	Poster
128	Nushin	Naderi	Exploring Sperm DNA Fragmentation in Severe Asthenozoospermic Men	Poster
140	Raha	Favaedi	INCREASED EXPRESSION OF HOX C12 AND HOX C13 GENES IN PLASMA OF WOMEN WITH ENDOMETRIOSIS	Poster
142	Elham	Asa	Resistance exercise alone and with herbal supplements can improve the sperm parameter in infertile men with oligoastheno-teratozoospermia: A Single blind	Poster
189	Fatemeh	Zafarani	Laparoscopic Salpingectomy Restores Loss of HOXD10 Expression Induced by Upregulation of Long Non-coding HOX Transcript Antisense Intergenic RNA (HOTAIR)in Women with Hydrosalpinx	Poster
195	Fatemeh	Zafarani	Down-Regulation of Long Non-Coding HOX 11Transcript Antisense Intergenic RNA(HOTAIR) Following Laparoscopic Salpingectomy Is associated with Reduction of Local endometrial Inflammatory Response in Patients with Hydrosalpinx	Poster
212	Elham	Rezaei	Fertility challenging in women with Systemic Lupus Erythematosus: a Qualitative Study	Poster

225	Fatemeh	Sadrforati	The study of Malva neglecta extract on spermiogram in Cadmium-chloride induced infertility in male rats	Poster
226	Asieh	Esmaeili Irani	Effectiveness of Varicocelectomy in Improving Sperm Parameters and Functional Tests in Infertile Men with Varicocele: A Comparative Study	Poster
256	Maryam	Hashemi	Short and Long-term Outcomes of Hysteroscopic Polypectomy in Women with Endometrial Polyp	Poster
283	Azam	Lotfalian	Follow-up of Varicocele Embolization: Effectiveness and Safety in a Cohort Study	Poster
299	Azadeh	Ghaheri	Descriptive study on premature ovarian insufficiency patients referring to Royan Institute	Poster
320	Sara	Honarmandnia	Nanocarier Curcumin pursuit on efficiency of OVCAR3 ovarian cancer cell line	Poster
332	Hajar	Hajian	The effect of time-related change of experimental bile duct ligation on liver function tests and spermatogenesis	Poster
385	Seyede Melika	Mortazavi Nasiri	Isolation And Characterization of Extracellular Vesicles Derived from Human Theca Cells Differentiated from Human Theca stem Cells	Poster
422	Firoozeh	Ahmadi	Early Pregnancy in Hysterosalpingography	Poster
456	Mahnaz	Shavandi	Reduced expression of the E-cadherin adhesion molecule in the fallopian tubes of diabetic mothers	Poster
480	Emad	Reza	Investigating The Interaction, And The Expression Of PTEN In Patients With Cryptorchidism, And Its Role In The Infertility	Poster
481	Zahra	Shaaban	Evaluation of the Anti-Implantation and Abortifacient Effects of Pea Extract on Pregnant Rats	Poster
500	Zeynab	Zanganeh	THE EFFECTS OF DIFFERENT LEVELS OF N-ACETYL CYSTEINE IN TWO EQUILIBRATION PERIODS ON THE ROOSTER SPERM PARAMETERS AFTER FREEZING-THAWING	Poster
505	Mohammad	Kargari	HYDROXYTYROSOL IMPROVES THE PARAMETERS OF ROOSTER SPERM AFTER FREEZING-THAWING	Poster
517	Robab	Latifnejad Roudsari	Qualitative Exploration of Fears and Concerns of Iranian Gamete Donors: An Interim Analysis	Poster
518	Mohammad Taghi	Vajed Ebrahimi	ANALYZING THE MORPHOMETRIC CHARACTERISTICS OF COMPETENT OOCYTES FOR ASSISTED REPRODUCTIVE TECHNOLOGIES	Poster
543	Mahsa	Valizadeh	no tiReduction of the negative effects of heat stress on male infertility treated by bioactive peptide derived from sardinestle	Poster
581	Zohre	Pakniat	Effect of Addition of Niacin to Washing and Oocyte Maturation Media on Bovine in Vitro Fertilization	Poster

			Effect of Nicein on in Vitas Eastiliantian of	
583	Zohre	Pakniat	Effect of Niacin on in Vitro Fertilization of	Poster
			Vitrified Bovine Oocytes	
			Differential Effects of Punicic Acid	
610	Shahrzad	Ronasi	Supplementation on Developmental	Poster
